## COURCHEVEL- FRANCE

« Located in the Nogentil area above the center of Courchevel 1850 with incredible views over the Dent du Villard. »

Chalet Kim has an enviable combination where fantastic location meets jaw-dropping views. After undergoing a €1,000,000 renovation, the chalet offers some 800 square meters and is situated in the middle of the Nogentil area, in Belle Cote.

Above the center of Courchevel, it's within easy reach of the action, but it also has far-reaching vistas across the Dent du Villard and is only 50m from the piste.
